**Year 4 - What your child will be learning about in Summer 2nd 2024**

Dear Parents and Carers,

We can't believe the end of the year is rapidly approaching. We have a visit to The Space Centre coming up in June, that builds on our Science Curriculum. Reading at home is still really important as this builds on their vocabulary, helps their spelling and develops their writing skills. Children have access to a wide range of exciting books via the online library and are able to complete online quizzes for the books they have read.

We hope you all have a fantastic Summer.
