P.S.H.E. Changing Me

I am aware of my self-image. I can describe how boys' and girls' bodies change during puberty. I understand that sexual intercourse can lead to conception. I can identify what I am looking forward to about becoming a teenager and understand this brings growing responsibilities.

Year 5 - What your child will be learning about in Summer 2nd 2024

Dear Parents and Carers,

We are very much looking forward to another wonderful half term of learning in Year 5. Our history topic about The Victorian Age will be a continuation of all the learning carried out last half term about the Industrial Revolution. The children will be exploring printing techniques in art and learning about the earth's atmosphere and how we experience different kinds of weather. We will be deepening our learning about Christianity and how the ten commandments have an impact on the lives of Christians and a local field study will be carried out in geography as the children become geographers. We are all looking forward to our final half term in Year 5.

Best wishes, Miss Rudd and Mr Myhill

Geography Local Study

Where we live, preparation for field work, desktop field work, field work, charts and graphs of data, conclusions and reports of field work.

Art & DT

Prints and Print Making

Understand printmaking is an indirect art form
Benefits of print making
Various print making techniques
Recognise the products of printmaking.

Science

Meteorology

Weather and climate, clouds, the atmosphere, how the sun and earth heat the atmosphere, air movement, wind direction, cold and warm fronts, forecasting the weather.

R.E. - Christianity Beliefs and Practices

Philosophy Lens

Know how Christians show commitment to God. Know the 10 commandments, the Lords' prayer, examples of how to "Love thy Neighbour". Know about the Christian work of Mother Theresa and Martin Luther King.
